**Important information**

This application in itself is not deemed to constitute a client relation with Handelsbanken. The consequence of Handelsbanken not regarding the convertible bond holder as a customer in connection with the receipt and handling of this application is that the rules regarding protection of investors under the Securities Markets Act will not be applicable to the application. Among other things, this means that neither so-called “customer classification” nor so-called “suitability assessment” are mandatory in relation to the application. As a result, convertible bond holders are themselves solely responsible for having adequate experience and knowledge to understand the risks associated with the application.

Each holder of the convertible bond is considered having stated, guaranteed and admitted, by submitting this application form, that at the time of conversion, the convertible bond holder is not located or resident in the United States or any other jurisdiction where participation would require a prospectus or other regulatory approval, or acting on a non-discretionary basis on behalf of, or for the account or benefit of, any such person and that the convertible bond holder is not liable to pay tax in the United States due to US citizenship, residence or Green Card.
