ÅF has signed a consultancy assignment with Porvoon Energia for a new biomass fuelled power plant

ÅF has signed a consultancy contract with Porvoon Energia Oy – Borgå Energi Ab for a new CHP plant.

The assignment includes project management, design, procurement, as well as site and commissioning management services. The value of the contract for ÅF is about 3 million euros.

Porvoon Energia will build a new biomass fuelled CHP at the Tolkkinen Power Plant site in Finland. Output of the power plant will be c. 12 MW power and c. 38 MW heat. After completion of the project, almost all power and heat generated by Porvoon Energia, will be based on biofuels. The project starts immediately and commercial operation starts in February 2013.

Information department
ÅF AB

The ÅF Group is a leader in technical consulting, with expertise founded on more than a century of experience. We offer highly qualified services and solutions for industrial processes, infrastructure projects and the development of products and IT systems. We are also one of the leading names in testing and inspection. Today the ÅF Group has 4,500 employees. Our base is in Europe, but our business and our clients are found all over the world.
