AFRY signs IT agreement with the Swedish Legal, Financial and Administrative Services Agency

The Legal, Financial and Administrative Services Agency is an authority responsible for procurement operations within Swedish agencies. Now, AFRY signs an agreement regarding IT and consulting services to help the public sector with its IT needs.

The Legal, Financial and Administrative Services Agency is responsible for procurement activities within the state procurement coordination.

Now, AFRY is part of the agency's framework agreement on IT and consulting services, which includes assignments such as management of IT projects, architecture and development as well as consulting services. The agreement applies to state administrative authorities and enterprises, AP funds, Swedish courts and foreign authorities.

"We are very proud and happy to take part in this framework agreement. Through AFRY's large capacity and experience in digitalisation and IT delivery, AFRY is one of nine companies in each area to have won the framework agreement for IT consulting services. This is in line with AFRY's investment in digitalisation and sustainability," says Jens Andersson, Vice Business Area Manager IT Solutions at AFRY.

Through the framework agreement, AFRY will be able to deliver services to public operations in large parts of Sweden. From October 2022, deliveries will be applicable throughout the country. The total, maximum value is estimated to BSEK 6 over a period of four years.
