Press release from AFRY

AFRY awarded the highest Platinum level in EcoVadis Sustainability Rating

AFRY has received the highest Platinum rating in EcoVadis' global sustainability and social responsibility rating. Total scores of 79/100 places AFRY among the top 1% of all assessed companies in sustainability performance.

EcoVadis is the world's largest and most trusted provider of business sustainability ratings. The assessment examines performance across 21 indicators in four themes: Environment, Labour & Human Rights, Ethics and Sustainable procurement. The methodology is built on international sustainability standards, including the Global Reporting Initiative, the UN Global Compact, and the ISO 26000, covering 200 spend categories and 160+ countries.

"I'm proud of our continuous work to improve the sustainability and social responsibility of our operations. We provide transparent and regular reports about our sustainability performance to our stakeholders. This excellent result further encourages us in our ambition to accelerate the transition towards a sustainable society", says Henrik Tegnér, EVP Strategy and Sustainability.
