Box 191, SE-101 23 Stockholm, Sweden. Shareholders shall in their notice to participate state their full name, personal identification number or company registration number, address and telephone number, and advisors, if applicable. Shareholders who are represented by a proxy or a representative should send documents of authorization to the address above well in advance of the AGM. A template proxy form is available on the company's website www.afry.com/en/agm.

Participation by postal voting

Shareholders who wish to participate in the AGM by postal voting in advance must give notice of participation by casting their postal vote so that the postal vote is received by Euroclear Sweden AB (administering the forms on behalf of AFRY) no later than Wednesday 17 April 2024. A special form shall be used for postal voting. The postal voting form is available on the company's website www.afry.com/en/agm.

The postal voting form can be submitted either by email to GeneralMeetingService@euroclear.com, or by post to AFRY AB, "AGM", c/o Euroclear Sweden AB, P.O. Box 191, SE-101 23 Stockholm, Sweden. Shareholders may also cast their postal votes digitally through verification with BankID as per instructions available on <https://anmalan.vpc.se/euroclearproxy>. If the shareholder postal votes by proxy, a power of attorney shall be enclosed to the postal voting form. A template proxy form is available on AFRY's website www.afry.com/en/agm. If the shareholder is a legal entity, a certificate of incorporation or a corresponding document shall be enclosed to the postal voting form. Further instructions are included in the postal voting form and on Euroclear Sweden AB's website <https://anmalan.vpc.se/euroclearproxy>.

Please note that if you wish to participate in the AGM by attending the meeting venue in person or by proxy, you must notify this in accordance with the instructions under the heading *Participation by attending the meeting venue* above. This means that it is not sufficient for those who wish to attend the meeting venue to give notice of participation by postal voting only.

Item 14e – Election of Auditor

The Nomination Committee proposes, in accordance with the Audit Committee's recommendation following the procurement procedure carried out by the Audit Committee, that the registered accounting firm Deloitte AB shall be elected as new Auditor until the end of the 2025 AGM. Deloitte AB has informed the Nomination Committee that the authorised public accountant Johan Telander will be appointed as Auditor-in-charge if Deloitte AB is elected as Auditor.

Item 15 – Resolution regarding guidelines for remuneration to senior executives

The Board of Directors' proposal for remuneration guidelines include the President and CEO and other members of the Group Executive Management who report to the President and CEO ("senior executives"). The guidelines shall apply to contracted remuneration and changes made to previously contracted remuneration after the guidelines are adopted by the 2024 AGM. The guidelines do not cover remuneration decided on by the AGM. The proposed guidelines are mainly in accordance with the guidelines adopted by the 2022 AGM, with the adjustment that the long-term cash-based incentive programme in place for the President and CEO from 1 April 2021 and ending on 31 March 2024 will not be proposed in a new version from 2024 and onwards.

A prerequisite for a successful implementation of the company's business strategy and safeguarding of its long-term interests, including its sustainability, is that the company can recruit and retain qualified personnel. To this end, it is necessary that the company offers competitive remuneration.

These guidelines enable the company to offer the senior executives a competitive total remuneration. The remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration (STI and LTIP included), pension benefits and other customary benefits. Said components, their purposes and the components connection to the company's business strategy is described below.

Decision-making processes for establishing, reviewing and implementing the guidelines

The Board of Directors has established a Remuneration Committee. The Committee's tasks include preparing the Board of Directors' decision on proposed guidelines for remuneration to senior executives. The Board of Directors shall prepare and propose new guidelines at least every four years and submit the proposal for resolution at the AGM. The guidelines shall apply until new guidelines are adopted by the AGM. The Remuneration Committee shall also follow and evaluate programmes for variable remuneration of Group Executive Management, the application of guidelines for remuneration of senior executives, and applicable remuneration structures and remuneration levels in the company. Additionally, the General Meeting may, notwithstanding what is stated in these guidelines, resolve on, among other things, share-related and share-price-related incentive plans.

To avoid conflicts of interest, the Remuneration Committee consists only of members of the Board of Directors who are independent of the company and its management. The President and CEO and other senior executives shall not attend when the terms and conditions for their remuneration are being discussed.

Fixed cash salary

The fixed cash salary is set according to the senior executive's competence, area of responsibility and according to local market practice. The fixed salary is reviewed annually, depending on, inter alia, the market, performance and how well the senior executive has acted in accordance with the company's values.

Variable cash remuneration

Annual short-term incentive programmes (STI)

The size of annual short-term cash incentive programmes can vary from 0 percent to 60 percent of annual fixed cash salary.

Target criteria, weighting and target levels are set annually by the Board of Directors to ensure that the programme supports the business strategy. The target criteria, weighting and target levels may vary from year to year to reflect business priorities and usually balance the Group's financial targets and non-financial targets. Details of the target criteria, weighting and target levels as well as how the programme support the business strategy are presented in the annual remuneration report. After the end of the year, the Board of Directors reviews the results and determines to what extent each of the targets has been achieved to determine the final outcome. Regarding the financial targets, the assessment shall be based on the latest financial information published by the company.

The Board of Directors may adjust the STI outcome in special circumstances to adjust the remuneration in accordance with the value created for the shareholders, and to ensure that the outcome reflects the company's results fairly.

Additional variable cash remuneration may be paid in extraordinary circumstances, provided that such extraordinary arrangements are made only at the individual level either for the purpose of recruiting or retaining executives, or as remuneration for extraordinary performance over and above the person's ordinary duties. Such remuneration may not exceed an amount equal to 50 percent of the executive's fixed annual cash salary. Decisions on such remuneration shall be made by the Board of Directors as proposed by the Remuneration Committee.

Long-term cash-based incentive programmes (LTIP)

The Board of Directors considers it important to offer long-term incentive programmes to attract and retain key personnel and to give them the opportunity to take part of the company's success in the same way as the shareholders. In this way, the long-term incentive programmes contribute to the company's long-term value creation and results. Decisions on share-related and share-price-related programmes are made by the AGM either through separate decisions or by indicating the essential conditions of the programme in the remuneration guidelines.

The long-term incentive programmes that can be offered are share-related or share-price-related programmes and/or long-term cash-based programmes; all are three-year programmes. For all cash-based programmes there is a cap of maximum 80 percent of the annual fixed cash salary for the President and CEO, and 70 percent of the annual fixed cash salary for the other senior executives.

Target criteria, weighting and target levels are determined annually by the Board of Directors to ensure that they support the business strategy and can vary from year to year to reflect business priorities (at present, average EBITA margin and average growth). Details of each programme and how they support the business strategy are presented in the annual remuneration report. After the end of the programme, the Board of Directors reviews the results and determines to what extent each of the goals has been achieved to determine the final level of payment. For more information regarding the long-term incentive plans that are ongoing, or that has ended during the current year, please see AFRY's remuneration report which will be available at AFRY's website, www.afry.com/en.

Pensions and other benefits

The pension benefits provided reflect relevant market practice and may be adjusted from year to year. Senior executives are covered by pension benefits that reflect market practice in each country of employment, but defined contribution pension plans are preferred. No pension benefits shall be dependent on future employment and may amount to a maximum of 40 percent of the executive's fixed annual cash salary.

Other benefits are provided in accordance with reasonable levels in the country where the individual is employed. The benefits can be adjusted from year to year. Other benefits may include company car, health insurance, private accident and life insurance, as well

as business travel insurance and liability insurance. Such benefits may amount to a maximum of 20 percent of the executive's fixed annual cash salary. Regarding employment conditions that are governed by rules other than Swedish, in so far as pension benefits and other benefits are concerned, appropriate adjustments may be made to comply with such compulsory rules or standard local practice, whereby the general purpose of these guidelines should be met as far as possible. Additional benefits and remuneration may be offered in certain circumstances, such as relocation in accordance with the company's policy for "international transfers". The President and CEO is entitled to participate in programmes that can be offered to other employees at any given time, such as anniversary gifts etc. Further information on the benefits provided during a given year is available in the annual remuneration report.

Termination of employment

The notice period for the President and CEO is 12 months when notice is given by the company and 6 months if notice is given by the President and CEO. If the company terminates the President and CEO, the President and CEO shall be offered severance pay corresponding to up to 12 months' salary. For other senior executives, the notice period is never longer than for the President and CEO. Regarding employment conditions that are governed by rules other than Swedish, appropriate adjustments may be made to comply with such rules or standard local practice, whereby the general purpose of these guidelines should be met as far as possible. The Board of Directors is entitled to decide whether payment should be tied to ongoing incentive programmes for individuals who depart the company and how payment should be handled in the event of leave. Any assessments will be presented in the annual remuneration report.

Salary and terms of employment for employees

In preparing the Board of Directors' proposal for these remuneration guidelines, salaries and terms of employment for the company's employees have been considered by way of including information on employees' total remuneration, the components of the remuneration as well as the rate of increase and increase over time of remuneration as part of the Remuneration Committee's and the Board of Directors' supporting information for evaluating the reasonableness of the guidelines and their limitations. The development of the distance between remuneration of senior executives and remuneration of other employees will be presented in the remuneration report.

Right to recover remuneration and deviate from the guidelines

The Board of Directors is entitled to withhold or reclaim payments within the framework of short- and long-term incentive programmes due to exceptional circumstances or if false information is given regarding the financial results. That type of decision is explained (how the circumstances are defined and how actions are taken) in the annual remuneration report.

The Board of Directors may decide to temporarily deviate from the guidelines, in whole or in part, if there are special reasons for this in an individual case and a deviation is necessary to meet the company's long-term interests, including its sustainability, or to ensure the company's financial viability. As stated above, it is part of the Remuneration Committee's tasks to prepare the Board of Directors' decision on remuneration issues, which includes decisions on deviations from the guidelines.

Item 16 – Resolution regarding a performance-based long-term cash programme for 2024

The Board of Directors proposes that the AGM 2024 resolves to implement a new performance-based long-term cash programme for members of the Group Executive Management and other key personnel within AFRY ("**LTI-24**"). LTI-24 is created with the same clear and predictable structure, and the same economic characteristics for the

participants, as the performance-based long-term cash programmes implemented at the AGMs 2023 and 2022 (which are described in the remuneration report for 2023).

The purpose of LTI-24 is to align the incentives of the participants with the interests of the shareholders through two, for AFRY, strategically important financial performance metrics, growth and EBITA margin, which are described in more detail below. The Board of Directors is convinced that the proposed programme will benefit the company's shareholders as it will contribute to the opportunity to recruit and retain strategically important employees. The programme is also expected to lead to increased commitment and motivation for the participants, and will strengthen the participants' ties to the AFRY Group and its shareholders.

Participants in LTI-24

LTI-24 comprises a maximum of 125 participants in the Group Executive Management and key personnel within the AFRY Group, which are divided into three categories: the CEO ("**Category 1**"), other members of the Group Executive Management, 10 participants, ("**Category 2**") and other key personnel, approximately 114 participants, ("**Category 3**").

Main terms and conditions LTI-24

The main terms and conditions for LTI-24 are:

- Payment under LTI-24 will be made in cash after AFRY's AGM held in 2027 ("**Vesting Period**").
- Payment of LTI-24 requires, with certain exceptions, that the participant is employed by the AFRY Group during the Vesting Period and is depending on the level of fulfilment of the performance criteria for LTI-24.
- The payment is based on the participant's annual salary (the participants fixed cash salary, excluding holiday pay) as per 31 December 2026 (the "**Base Salary**"). The maximum amount that the participant may receive (in total) corresponds to 80 percent of the Base Salary for Category 1, 70 percent of the Base Salary for Category 2 and 60 percent of the Base Salary for Category 3.
- For half (50 percent) of the amount that the participant receives in LTI-24, net after taxes, the participant shall acquire AFRY-shares on Nasdaq Stockholm. If the participant has inside information and the participant therefore is prohibited from acquiring shares in AFRY in connection to the LTI-24 payment, the shares shall be acquired as soon as possible, however no later than the next AGM. Further information regarding the "*Shareholding requirement*" is presented below.

Performance criteria for LTI-24

Payment after the Vesting Period depends on the level of fulfilment of the financial performance criteria *growth* and *EBITA margin* during the financial years 2024-2026 (the "**Measurement Period**"). The performance criteria are measured separately. Half of the total outcome in LTI-24 is measured on growth, and half on EBITA margin.

Growth is measured by AFRY's total net sales growth (adjusted for items affecting comparability and calculated as a three-year average) during the Measurement Period.

EBITA margin is measured by AFRY's average adjusted EBITA margin (based on net sales deducted for goods sold and fixed cost per full year, adjusted for items affecting comparability and calculated as a three-year average) during the Measurement Period.

Both growth and EBITA margin shall be calculated on the basis of the financial information presented in AFRY's annual reports (adjusted as above, if applicable).

The levels for the performance criteria (threshold and maximum level) have been determined by the Board of Directors. If the maximum level is reached, the cash payment will amount to the maximum levels set out above. If the threshold level is not

reached, no payment will be made. If the target achievement of the performance criteria is between the threshold and maximum level, payment will be made on a linear basis.

Information regarding threshold, maximum level and target fulfilment will be presented in connection to the AGM held in 2027.

Shareholding requirement

As apparent from the above, the participants in LTI-24 shall acquire AFRY-shares on Nasdaq Stockholm for half (50 percent) of the amount that the participant receives, net after taxes. To further increase the long-term joint interests of the participants and the company's shareholders, the participants in LTI-24 will also make an undertaking to hold the shares acquired to LTI-24 for a three-year period ending after the AGM held in 2030. In case the participant cannot show that he or she has acquired shares to LTI-24 during 2027, or if the participant transfers the shares allocated to LTI-24 during this three-year period, the participant, with certain exceptions granted by the Board of Directors in the individual case, will not be invited to participate in any future LTIs and any participation in ongoing LTIs will be terminated.

Preparation of the proposal and the structuring and management of LTI-24

LTI-24 has been prepared by the Remuneration Committee. LTI-24 has also been discussed at board meetings during the first months of 2024 and the proposal has been finally adopted by the Board of Directors.

The Remuneration Committee shall be responsible for the details concerning the structure, management and interpretation of the detailed terms and conditions that shall apply between AFRY and the participant for LTI-24, including, *inter alia*, how the participants' fulfilment of the shareholding requirement shall be regulated, within the framework of the terms and guidelines set out herein and considering the purpose of the programme. The Remuneration Committee shall be authorised to make adjustments in LTI-24 to fulfil certain rules or market conditions in other jurisdictions. The Remuneration Committee shall also have the right to make other adjustments, including, *inter alia*, the right to decide on a reduced payment to the participants, if there are significant changes in the AFRY Group or in the market which according to the Board of Directors would mean that decided conditions for LTI-24 are no longer appropriate.

Costs for LTI-24

The maximum cost for AFRY due to LTI-24 (the "**Cap**") is an amount corresponding to 10 percent of the company's average net profit during the financial years 2024-2026 (social securities contributions included). The costs will be expensed over the Vesting Period and are expected to have a marginal impact on AFRY's key ratio.

If the Cap is reached, the payment that the participants are entitled to will be reduced accordingly. If the threshold level for the performance criteria is not achieved, no payment will be made, and no costs will be incurred.

Ongoing incentive programmes and incentive programmes ended during the year

For more information regarding AFRY's outstanding convertible programmes, the performance-based long-term cash programmes resolved upon by the AGMs 2023 and 2022, respectively, the long-term share-price-related cash incentive programme for the President and CEO, as well as the convertible programmes completed during the year, please refer to the remuneration report, annual report 2023 and AFRY's website, www.afry.com/en.

Item 17 – Resolution regarding authorisation for the Board of Directors to resolve on new issue of shares

The Board of Directors proposes that the AGM resolves to authorise the Board of Directors to, on one or more occasions before the 2025 AGM, resolve to issue new class B shares. Payment for the new shares may be made through contribution in kind or, with preferential rights for shareholders, in cash. Through such new issue, the share capital may be increased through the issuance of shares made on market terms. However, the maximum number of new issued shares shall not exceed 10 percent of the total number of shares.

Shares and votes

There are a total of 4,290,336 Class A shares, with ten votes, and 108,961,405 Class B shares, with one vote, in AFRY AB, corresponding to 113,251,741 shares and 151,864,765 votes in total. As per the date of this notice, AFRY AB holds no own shares.

Information at the AGM

The Board of Directors and the President and CEO shall, if any shareholder so requests and the Board of Directors believes that it can be done without material harm to the company, provide information regarding circumstances that may affect the assessment of an item on the agenda, circumstances that can affect the assessment of the company's or its subsidiaries' financial situation and the company's relation to other companies within the Group and the consolidated accounts.

Authorisation for the Board of Directors

The Board of Directors shall be authorised to make such minor adjustments in the resolutions as may be required in connection with registration at the Swedish Companies Registration Office and Euroclear Sweden.

Documents
